

Fall 2011

Dear Parents/Guardians,

We want to thank you for your interest in our 2011/2012 Youth/Teen Basketball League. We are very pleased that you have chosen to have your child participate in this league.

*This program is a recreational league that offers boys and girls the opportunity to learn fundamentals, sportsmanship, and teamwork.*

The goal of the league is to:

- 1) Provide youth in our community an opportunity to develop and improve their basketball skills through practices and games;
- 2) To provide a quality program which will give participants a chance to develop physically and socially in a recreational setting;
- 3) To provide the participants an opportunity to learn about teamwork, sportsmanship, fair play and the vital role of each participant of the team.

*You may have noticed a slight increase in fees this year. The state of Washington is now requiring us to charge a 9.5% sales tax above and beyond our normal fees.*

We are looking forward to working with you and your children to have a great season. Thank you very much for your support. If you have any questions or comments along the way please give us a call or email us at [steve.batz@tukwilawa.gov](mailto:steve.batz@tukwilawa.gov).

Please visit our web site at <http://www.tukwilawa.gov/recreation/youthsports.html> for updates, bulletins, schedules and more!

Enjoy the Game!
